TAMAYO

Classically crafted, this Cabernet displays a unique personality and complexity coupled with power and refinement of previous vintages. A truly wonderful expression of earth, vine and art of the winemaker combined!

This delicious Cabernet shows classic Napa Valley complexity. The deep rich color speaks of its Calistoga origins while the aromatics are driven by rich berry essences and notable complexities of additional hillside fruit from just outside the Stag's Leap district. Beautifully balanced and approachable now, this textbook Napa red deserves to be enjoyed with a vast array of fine cuisine.
